**Fact Sheet for parents**  
**Regarding Subsidiaries for pre-school institutions (Spielgruppen)**  
**valid for the school year 2022-2023**

The Municipality of Dübendorf with its Bildungslandschaft helps families with small budgets, covering a part of the pre-school costs (Spielgruppen) applicable to the child. The financial amount is paid directly to the institution.

**Please fill out the application form for subsidiaries only, if you entirely fulfil following requirements:**

1. You and your family live in Dübendorf and pay taxes in Dübendorf.
2. Your taxable income per year (total per household) is less than Fr. 75'000.
3. Your total taxable wealth is less than Fr. 50'000.
4. You do not benefit from social welfare. If this is the case, please contact your social advisor.

**Pre-school subsidiaries are calculated based on your taxable income.**

Taxable income per household and year*	Your part	Governmental part
Fr. 30'000 and less	30%	70%
Fr. 30'001 until 60'000	50%	50%
Fr. 60'001 until max. 75'000	70%	30%

\* The calculation base is analysed yearly and may be subject to changes.

**Important notes:**

- Every child is granted a maximum subsidiary for a pre-school visit twice a week. Further visits are not supplied. The parents are paying the full amount.
- If you pay *withholding tax*, please also submit together with the application form copies of the salary sheets (of both parents) for the past 3 months. The calculation base is the same as for regular tax payers (see the above schedule).
- Subsidiaries are valid for an entire school year (August until July) and have to be renewed for further school years with a new application form.
- All related documents are visible online: [www.duebendorf.ch](http://www.duebendorf.ch). Insert the word "Spielgruppe" in the search box.

**Do you have further questions?**

The pre-school teacher is able to help you. Otherwise, please visit the Familienzentrum or refer to the Bildungslandschaft Coordinator. Her contact details are above.
